

Jinyang Zhou

Product & Industrial Designer with experience in **product visualization**, **technical communication**, and **engineering collaboration** within manufacturing environments.

Experienced in developing photorealistic 3D renderings, animations, interactive product visualizations, and communication materials that support product development, marketing, and international customer engagement.

Professional Experience

Feb 2025 - Present

Product Visualization Designer

PERONI POMPE | Corsico, Italy

Product Visualization

- Created **30+ photorealistic renderings** for industrial pump products.
- Developed interactive 3D product viewers for customer presentations.
- Produced **10+ product animations**, including operating simulations, exploded views, and maintenance tutorials.

Technical Communication

- Designed product catalogs, corporate presentations, and promotional videos.
- Produced exhibition graphics and marketing assets for **4 international trade shows**.
- Collaborated with an external agency on the redesign of the corporate product catalog.

Engineering Collaboration

- Redesigned product components alongside engineering teams while maintaining manufacturability.
- Supported visualization for **5+ customized engineering projects**.

International Communication

- Supported **2 Factory Acceptance Tests (FAT)** by coordinating technical documentation and communication between engineering teams and overseas customers.

Oct 2024 - Feb 2025

UX Design Intern

ELIHOME | Milan, Italy

- Conducted user research and competitive benchmarking across kitchenware products.
- Identified user needs and product opportunities through qualitative research.
- Supported product strategy and design direction for sustainable kitchenware collections.

Sep 2024 - Dec 2024

Product Design Intern

ANTONIO LANZILLO & PARTNERS STUDIO | Milan, Italy

- Developed early-stage product concepts through ideation, sketching, and aesthetic exploration.
- Produced 3D models and photorealistic renderings for design reviews and client presentations.
- Introduced AI-assisted visualization workflows for product rendering and video production.
- Supported planning and organization of the studio exhibition during Milan Design Week.

Education

2022 - 2026

Industrial Product Design

POLITECNICO DI MILANO | Bachelor's degree

Jun - Jul 2025

Design for Social Impact

THE UNIVERSITY OF TOKYO | Summer school

Selected Awards

2025 Red Dot Design Award

Design Concept - Inclusive Design

2025 London Design Award

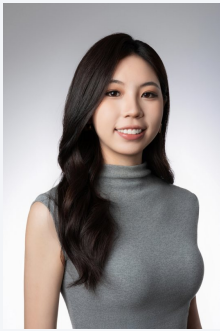

Conceptual Design - Exhibition & Events

2024 Muse Design Awards

Conceptual Design - Smart Home

Highlights

- 30+ industrial product renderings
- 10+ product animations
- 5+ customized engineering projects
- 4 international trade shows
- 2 Factory Acceptance Tests (FAT)
- Cross-functional collaboration with engineering, marketing & international sales

Based in Milan, Italy
